

Life Science Building · Oslo

100,000 m² · 3,200 people

Complexity in multiple dimensions

Close to 2,400 technical systems

Contracts

Disciplines

Users

Advanced user equipment

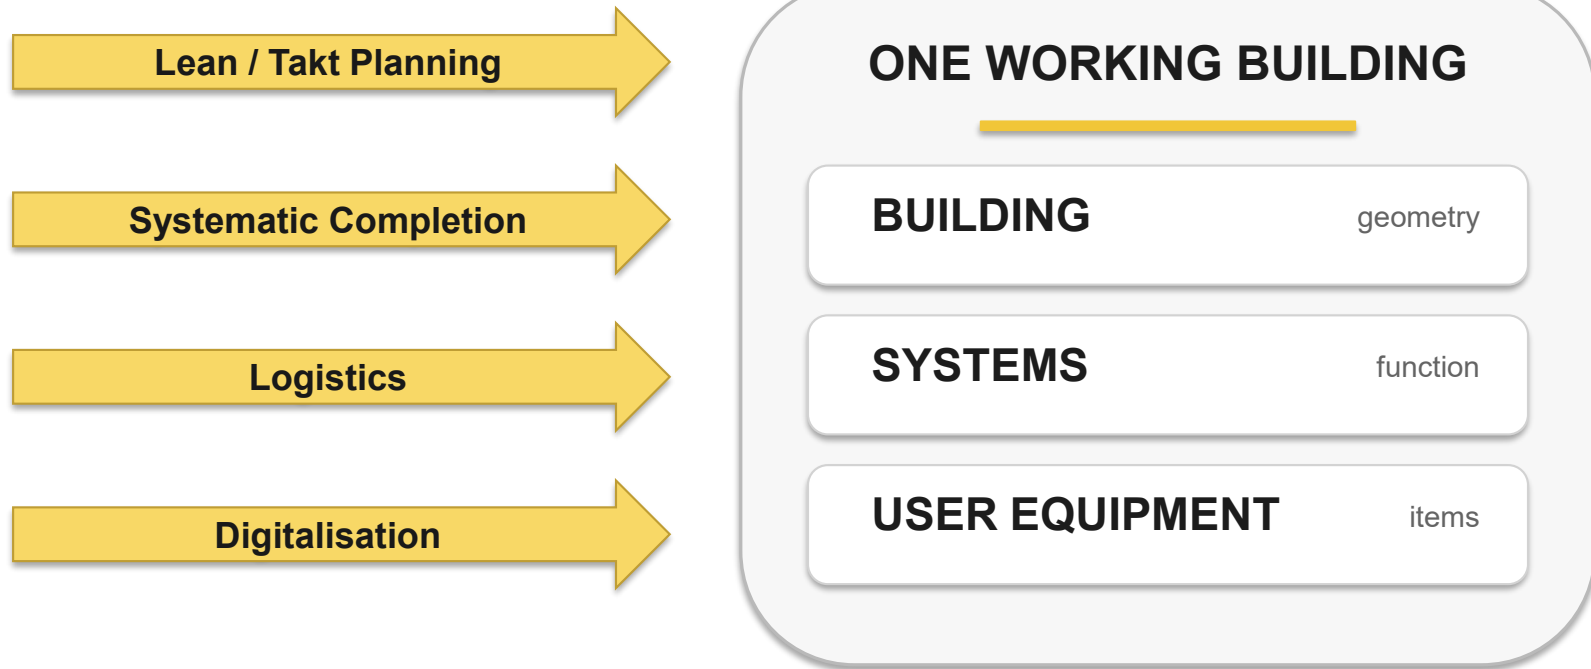

Different project phases

THE BUILDING HAS TO
WORK AS ONE.

FOUR STRATEGIES. ONE BUILDING.

From day one

Making strategies work is the difficult part.

**STRATEGIES DON'T
IMPLEMENT
THEMSELVES.**
People do.

LEADERSHIP · CULTURE · BEHAVIOUR

CARE ABOUT THE WHOLE

Everyone can deliver their own scope —
and the building can still fail.

DOES IT WORK?
